BSSP

Section Supplies or Services and Price

BASIC SUPPORT SERVICES PROGRAM**FAR 52.232-18 AVAILABILITY OF FUNDS (APR 1984)**

Funds are not presently available for this contract. The Government's obligation under this contract is contingent upon the availability of appropriated funds from which payment for contract purposes can be made. No legal liability on the part of the Government for any payment may arise until funds are made available to the Contracting Officer for this contract and until the Contractor receives notice of such availability, to be confirmed in writing by the Contracting Officer.

a. This is a Firm Fixed Price (FFP) order with a Time & Material (T&M) provision. The FFP CLIN is CLIN 0001 (and respective CLINs for each option year) and the T&M CLIN is CLIN 0004 (and respective CLINs for each option year). Other Direct Costs are addressed under CLIN 0002 (and respective CLINs for each option year). Deliverables are addressed under CLIN 0003 (and respective CLINs for each option year).

000014

DFARS 252.232-7007 Limitation Of Government's Obligation (April 2006) is incorporated herein by reference and is applicable to CLINs 0001 and any other FFP based CLIN that may subsequently be added to this order. In accordance with (IAW) DFARS 252.232-7007 paragraph a., for these item(s), the sum of \$0. of the total price is presently available for payment and allotted to this contract. IAW DFARS 252.232-7007 paragraph i. the parties contemplate that the Government will allot funds to this contract incrementally based on fiscal year availability of funds.

b. The contractor agrees to provide a firm fixed price for CLIN 0001 (and respective CLINs for each option year). The CLIN 0001 man-month price extended for the actual number of man-months provided covers all services that are part of the contractor's project plan and applicable staffing plan. The CLIN 0001 price includes all related project management, supervision, administrative support, and operating supplies whether performed on-site in MDA facilities or in contractor facilities. Travel and reimbursable items addressed in paragraph c. below will not be included in CLIN 0001 (and respective CLINs for each option year). Stated prices for each of the last two option years may be adjusted subject to the terms of Clause #12.

c. The parties mutually agree that Other Direct Costs (ODCs) under CLIN 0002 (and respective CLINs for each option year) will be billed at cost plus G&A without fee and IAW the GSA Schedule. The ODC CLINs are intended to cover pre-approved contractor travel, atypical time-critical supply or reproduction needs, and leased facilities when authorized in advance by the Contracting Officer IAW the Joint Travel Regulations (JTR)/Federal Trade Regulation (FTR). The CLIN 0004 price will be determined on an individual Technical Task Order basis IAW Clause #23.

FAR 52.232-22 Limitation Of Funds (APR 1984) is incorporated herein by reference and is applicable to CLIN 0002 and 0004 (and respective CLINs for each option year) and any other Cost based CLIN that may subsequently be added to this order.

d. The parties mutually agree that the Contractor will provide substantially the staffing as provided in the Schedule of Supplies and Services on a daily basis during the operation of the work-site. Staffing shall be provided consistent with the staffing plan (which delineates whether staff is on-site at MDA or off-site at the contractors facility) agreed to by the parties as specified in Attachment 5, Labor Mix, Qualifications and Rates Matrix (submitted as part of the Offer). While the Government expects minor month-to-month fluctuations may occur in the actual staffing provided, it is the Contractor's responsibility to provide the effort and services such as to maintain a steady level-of-effort performance throughout the entire 12-month performance period. Minor variations in staffing and skill mix are mutually understood as an appropriate outcome of the work environment. In the event that there is a change in staff location (on- to off-, or off- to on-site), the contractor shall provide the MDA Contracting Officer a revised Attachment 5 along with the appropriate upward or downward adjustment in contract price resulting from the change in staff location. There are ten (10) Government observed holidays.

e. The period of performance for the base period is 12 months.

(1) This contract is renewable in four increments of 12 months each at the unilateral option of the Government. An option shall be exercised by issuance, within sixty (60) days prior to the end of the current contract period, of a unilateral modification for the subsequent option requirements. (Note that this order will contain an Award Term provision IAW Clause #11. The total duration of the order may extend to 10 years.)

(2) The Government has the unilateral right to exercise any option CLIN with man-month units of measurement at the man-years designated for said CLIN minus up to five (5) man-years (1 man-year = 12 man-months), so long as notice of any decrease is provided to the Contractor not later than sixty (60) days prior to the performance period start date of an option. For example, if the designated man-years are 63 (63 x 12 = 756 man-months) the Government may exercise the option for anywhere between 58 man-years (58 x 12 = 696 man-months) and 63 man-years. If the Option period begins on October 1st, notice of the Governments intent to exercise at a lesser quantity must be provided to the Contractor no later than August 1st.

(a) Any decrease is deemed a change under this contract in accordance with FAR 52.243-1 Changes -Fixed-Price, Alternate III or FAR 52.243-3 Changes -Time-and-Materials or Labor-Hours. Accordingly, immediately after the aforementioned notice the Contractor will meet with the Contracting Officer and Contracting Officer's Representative to jointly determine a revised staffing skill mix and a reprioritizing of the contract's mission, deliveries and product output based on any reduction in a CLINs total man-years. The parties will subsequently negotiate an equitable adjustment (decrease) in contract value and CLIN price based on the man-years exercised and revised staffing skill mix.

(b) If agreement on an equitable adjustment to the contract is not reached within 30-days after the Option period starts (October 31st in the example above), or within any extension granted by the Contracting Officer, the Contracting Officer may, with the approval of the head of the contracting activity, determine a reasonable price, subject to Contractor appeal as provided in the "Disputes" clause. In any event, the Contractor shall proceed with performance of the contract, subject only to DFARS 252.232-7007, Limitation of Government Liability.

This order is subject to the terms and conditions of the General Services Administration (GSA) Federal Supply Schedule (FSS) Contract GS-23F-0207N and all clauses and provisions in full text or incorporated by reference herein. In the event of conflict, this SF 1449 shall govern.

1. MATERIAL INSPECTION AND RECEIVING REPORT AND CONTRACTING OFFICER'S REPRESENTATIVE

a. Material Inspection and Receiving Report - At the time of each delivery of supplies or services under this contract, the Contractor shall prepare and forward to the Government a Material Inspection and Receiving Report in the manner and to the extent required by DoD FAR Supplement (DFARS) Appendix F, "Material Inspection and Receiving Report." In case of rental or maintenance contracts, a separate report shall be distributed at the time each invoice is submitted for payment.

b. The Procuring Contracting Officer (PCO) will assign the Contracting Officer's Representative (COR) at the time of order issuance. The COR will pre-certify invoices and execute the receiving report(s), (Items 21 and 22 of the DD Form 250) required by this order as verification that the specified supplies have been delivered.

c. The contractor shall submit DD Form 250 and invoices using the "Invoice 2-in-1" function within the Wide Area WorkFlow system in accordance with DFARS 252.232-7003, Electronic Submission of Payment Requests.

2. ORDER ACCOUNTING

a. Separate invoices shall be submitted for each individual CLIN monthly for payment and shall clearly identify:

- (1) Government order number.
- (2) Period of performance.
- (3) Amount due by CLIN:
 - (a) Labor CLINs – fixed man-month unit price extended for the actual number of man-months provided for CLIN 0001 (and respective CLINs for each option year) and labor hours by labor category for CLIN 0004 (and respective CLINs for each option year).
 - (b) ODC CLINs – itemized costs.

b. The contractor's accounting system shall provide traceability of all cost reimbursable elements (e.g. travel, material, other authorized direct costs) ordered by each program's funding citation's Accounting Classification Reference Number, if required by the ordering office.

c. Under no circumstances will any invoice exceed: the period of performance or fixed man-month unit price extended for the actual number of man-months provided under CLIN 0001 and respective option CLINs; the period of performance or authorized labor hours under CLIN 0004 and respective option CLINs; or the established cost ceiling under CLIN 0002 and respective option CLINs.

d. The contractor shall submit DD Form 250 and invoices using the "Invoice 2-in-1" function within the Wide Area WorkFlow system in accordance with DFARS 252.232-7003, Electronic Submission of Payment Requests.

3. PAYMENT INSTRUCTIONS FOR MULTIPLE ACCOUNTING CLASSIFICATION CITATIONS

CLIN(s) under this order (and associated Option CLIN(s), may be funded by multiple accounting classifications. The Contractor shall segregate cost and submit vouchers as required by paragraph 2 above. The Defense Finance and Accounting Service (DFAS) shall make payments from those Accounting Classification Record Numbers

(ACRNs) assigned to each CLIN as described herein. Payments by the paying office are to be made by CLIN, from the earliest available funds by fiscal year as identified by ACRN.

4. PERIOD OF PERFORMANCE

For the base period the period of performance for this task order is 12 months commencing from the effective date of this order and 12 months for each option period, if exercised. Unless otherwise stated by the Contracting Officer, any extension to the contractor's GSA FSS Contract shall apply to this order, subsequent option exercise or Award Term entitlement (see clause #11) when awarded pursuant to this Task Order.

5. REMITTANCE ADDRESS

Payment of invoices furnished by the Contractor shall be sent to the following address:

Applied Systems Research, Inc.
Attn: Tom West
8444 Westpark Dr., Suite 310
McLean, VA 22102

6. ACQUISITION OF FACILITIES

The term facilities include all general-purpose office equipment and automated data/information processing equipment and software. Accordingly, the Contractor shall not purchase or lease facilities for the account of the Government without the express permission of the Contracting Officer. Acquisition or lease of facilities, if approved by the Contracting Officer, shall be provided at cost, applicable burdens applied, exclusive of prime Contractor fee/profit of other profit centers or business units of the prime Contractor.

7. TRAVEL, TRAVEL COSTS, AND OTHER DIRECT COSTS

a. Travel. All contractor travel (non-local) under this contract (other than extended commuting travel as defined under paragraph c. below) must be approved in advance in writing by the COR using MDA Form 110 (dated October 2004).

b. Extended Commuting Travel.

(1) All contractor extended commuting travel under this contract must be approved by the COR AND BY THE PCO using MDA Form 110 (dated October 2004) based on documentation from the contractor showing that extended commuting travel is the most effective means of fulfilling the government's requirements – cost and other factors considered. Travel shall be IAW the Joint Travel Regulations (JTR)/Federal Trade Regulation (FTR).

(2) Extended commuting travel may be authorized for up to 90 days at a time and must be authorized in advance in writing using MDA Form 110 (dated October 2004).

c. Definition: Extended Commuting Travel – is travel that occurs regularly in the performance of this contract where an individual or individuals travel back and forth from their normal place, or city of employment to another location or locations over a 30 day (or longer) period.

8. DELIVERABLES

The contractor is required to complete a "Monthly Status Report (MSR)", "Technical Status Report", "Funds and Labor Hour Expenditure Report" and other reports to the Contracting Officer IAW the attached DD Form 1423-1, CDRL, Exhibit A and as specified in the SOW.

9. LOCATION OF PERFORMANCE

a. On-site work will be performed at MDA National Capital Region (NCR) sites (currently Federal Office Building #2 (FOB2), Sequoia Plaza, and various locations in Crystal City, Arlington, Virginia and the Suffolk Building, Fairfax, Virginia) and at sites designated in Huntsville, Alabama. Additional Continental United States (CONUS) sites may be identified at a later date. Should off-site personnel be required at a future date in the NCR, or Huntsville, Alabama region, the following shall apply: Off-site personnel are expected to perform tasks from a contractor facility within a 30 minute one-way commute time from MDA Headquarters (FOB2 and MDA designated site located in Huntsville, Alabama, during rush hour by car, regularly scheduled public transportation, or a regularly scheduled shuttle system (i.e. transportation not specific or chargeable to this contract). Any proposed personnel place of performance outside the local NCR metropolitan area must be explained/justified.

b. CLIN 0004 (and respective CLINs for each option year) will be performed either at MDA NCR sites or at other locations yet to be determined.

10. KEY STAFF

a. The Contractor shall notify and obtain the approval of the PCO and COR prior to making any changes in key staff. If replacing key staff the Contractor shall adhere to the following: (1) replacement person's qualifications are equal to or better than the qualifications of the person being replaced as proposed and accepted at the time of task order award; and (2) if adding personnel to fill newly added key staff positions, the added person's qualifications are equal to or better than the desired qualifications of this task order. Key Staff positions are designated in Attachment 5.

b. Changes in key staff are deemed a request for change initiated by the contractor under this order in accordance with FAR 52.243-1 Changes -Fixed-Price, Alternate III or FAR 52.243-3 Changes -Time-and-Materials or Labor-Hours. Any contractor request for changes in key staff shall include cost and pricing data substantiating either (1) a downward equitable adjustment to the order price or (2) why such an adjustment is not warranted. The cost and pricing data will be submitted to the Contracting Officer only.

11. AWARD TERM

a. This order provides for a core performance time of 60 months consisting of a 12-month basic period and four (4) pre-priced core option years. There is no guarantee the Government will continue performance beyond the initial 12 month basic period. Based on the criteria in FAR 17.207, option years one through three may or may not be exercised by the Contracting Officer. If all of option years one through three are exercised, the Award Term Approving Official may authorize up to three extensions beyond the core performance time, in the form of 12 month "award term periods" on the basis of an integrated assessment of the quality of performance and market research. Each of these award term periods carries a one year option period that may or may not be exercised by the Contracting Officer. With the addition of these three award term periods and the option year following each award term period, the maximum performance time under this order is ten (10) years. The contractor may earn award term periods for sustained performance that exceeds a satisfactory level.

b. The contractor will be afforded the opportunity to adjust prices before each award term period and the option year following each award term period IAW the "Award Term/Non-Core Option Year Price Adjustment" clause in this order.

c. For award term entitlements, the contractor's performance will be evaluated based on the Government established Award Term Plan (Attachment 6). The schedule part of this clause reflects the timetable for evaluations and award term decision points. The evaluation decision point is scheduled for completion no later than 90 days following the end of the period being evaluated. If the Award Term Approving Official grants an award term, the entitlement to that award term period will be issued in a modification to the order (contingent on availability of funds, exercise of prior option years, and continued coverage of the contractor's GSA schedule contract). Within

60 days prior to the end of each applicable award term period (if awarded), the Contracting Officer may exercise an option year by issuing a unilateral modification to the order. Contract options are exercisable based on the criteria in FAR 17.207 and are not covered by the award term plan in the task order.

Schedule of Award Term Evaluation Periods and Entitlement Periods									
Core Performance Periods					Non-Core Performance Periods				
Contract Base Year 1	Option Contract Year 2	Option Contract Year 3	Option Contract Year 4	Option Contract Year 5	Award Term Contract Year 6	Option Contract Year 7	Award Term Contract Year 8	Option Contract Year 9	Award Term Contract Year 10
	Eval for information only	Eval for information only	Eval for information only	Eval (1st Decision Point) →	1st Award Term				
						Eval (2nd Decision Point) →	2nd Award Term		
								Eval (3rd Decision Point) →	3rd Award Term
					Task Order Refresh				

d. The contractor must achieve a higher than satisfactory evaluation score (IAW criteria set in the Award Term Plan) for the evaluation period to be eligible for each award term. Practice or information evaluations may be conducted near the end of the base year and option contract year 2. The first official evaluation period occurs in the third year of the order if the prior option is exercised. Each subsequent evaluation covers a two-year increment following the last evaluation.

e. The Award Term Plan is provided as Attachment 6 under this order. The Contracting Officer may unilaterally revise this Plan at any time prior to the start of each new award term period. The Award Term Approving Official will designate a Performance Award Term Review Team. The team will review and assess contractor performance against the evaluation criteria described in the Award Term Plan. Subsequent to each award term determination by the Award Term Approving Official, the Contracting Officer will unilaterally grant each individual "award term period" entitlement, if earned, by issuance of a modification to the order. Unless otherwise stated, MDA's rights to exercise the unilateral one-year option period that follows each award term period is conveyed with and considered part of the award term entitlement. If the contractor opts not to perform an earned award term period, written notice shall be given to the Contracting Officer no later than 120 days prior to the start of the applicable award term period. This "opt out" right will also void the option year that accompanies the award term period. The contractor is not allowed to "opt-out" of a period designated as an "option". The exercise of any option when conveyed with an award term entitlement shall be the unilateral right of the Government.

f. If the contractor's GSA schedule contract is due to expire during the period of performance of this order and is not extended by GSA, this task order will expire at the end of whatever performance period is currently in effect when the contractor's GSA schedule contract ends. All task order unexercised/unawarded option and award term periods will automatically become void. Cancellation of an award term arising from cancellation/expiration of

the GSA schedule (without renewal) will not entitle the contractor to any equitable adjustment or other compensation.

g. Market research will be performed 120 days prior to the beginning of the option—contract year 6 to refresh the order to reflect current market practices and ensure consistency with the GSA FSS and requirements under the then current Federal Acquisition Regulations and Defense Federal Acquisition Regulations Supplement.

12. AWARD TERM/NON-CORE OPTION YEAR PRICE ADJUSTMENT

a. The price for award term periods, if earned, and non-core option years following the award term periods (option years six & eight), if exercised, will be determined prior to the start of each award term period IAW this clause. For purposes of this clause, a non-core option period is defined to be the one-year option period that accompanies each award term period.

b. It is agreed and understood that prices for the “award term” periods and the accompanying “non-core option years” shall contain no less than the average (computed for each labor category over the core performance period) of the hourly labor rate discounts from the published GSA schedule contract rates, by labor category, that were agreed to in the “core” performance periods. Prices for the non-core option year following the award term period will be established simultaneous with the pricing for respective award term period. The contractor shall submit pricing for the award term period and option period, as explained above, no later than 120 days prior to the start of the applicable award term period (even if the upcoming award term period is yet to be earned, or the award term decision has not yet been made). It is agreed and understood that in the event the contractor elects not to submit prices in whole or in part prior to the start of any award term period for the upcoming award term/option period, the prices of the then current order period shall apply to both the upcoming award term period and the accompanying option period.

c. The term “price” covers the unit price(s) and extended total price(s) stated for the contract line item(s) in the order. It consists of the total of all labor line/subline items, added together, where the pricing was developed by the contractor and agreed to by the Contracting Officer using the contractor’s individual GSA schedule contract labor category hourly rates either proposed at the time of the task order or as agreed to in a subsequent task order modification. If labor categories that were not covered in the previous order period are needed for the award term period and are authorized for use by the Contracting Officer, the contractor shall propose hourly rates for labor categories that are no higher than those rates published in its GSA Federal Supply Schedule contract current at that time.

d. Regardless of increases in GSA hourly labor rates that are in effect under the GSA schedule contract at the point of pricing the award term and non-core option periods, the maximum amount of the increase which will be permitted for each unit price stated in the order for the award term period will be limited to a ceiling of ten percent (10%) over the price of the performance period in effect at the time the pricing is submitted. Likewise, the unit price for the accompanying non-core option is limited to a ceiling of ten percent (10%) over the unit price for submitted for the award term.

e. Documentation to support the pricing. The contractor must provide documentation to support and explain the proposed increase. This documentation will show how the discounted GSA schedule contract hourly labor rates used in establishing the prices for the core periods were averaged for purposes of pricing the award term and non-core option year. Then, the documentation must clearly show how this average was applied to individual labor categories and staffing requirements to arrive at the unit price for the order. Unless otherwise agreed to by the Contracting Officer, the same Labor Mix, Qualifications, and Rate Mix applicable to the then current period will be used as the baseline for pricing the award term and accompanying non-core option year.

13. GSA PRICE ADJUSTMENT

a. A price adjustment may be requested when upward adjustments need to be made to the unit prices stated in this task order as a result of post task order-award increases to the contractor's GSA schedule contract labor rates.

Adjustments shall only be considered by the Contracting Officer if, after task order award, GSA approves a rate increase for one or more labor categories performing the work under the order, and the new rate(s) are either higher than the approved GSA rates for those categories that were in effect when the contractor originally calculated its task order price proposal, or, (in the event that GSA had not yet approved rates for those categories when the task order price proposal was developed), higher than the rates the contractor had projected that GSA would subsequently approve for those categories. This adjustment shall only apply to the labor categories included in the task order and must be supported by GSA-issued price increases to those labor categories for that task order option year that are higher than the rates originally calculated by the contractor in its proposal.

b. Only one (1) such adjustment request may be made during the core task order period (base and priced options). This price adjustment is not retroactive. If the contractor elects to submit a request, it may cover changes in pricing for both of or only one of the last two-priced option years in the core performance period.

c. The pricing adjustment shall be submitted no later than 120 days before the first option year to which the new prices would apply.

d. If the contractor makes a request to adjust the monthly prices, the labor rates used in the changed monthly prices will be discounted at no less than the same level (in percents) from the published GSA schedule labor hour rates that were offered in the year(s) for which the adjustment is requested. Provided, that if the discount in the year(s) that the adjustment is requested is less than the average of the discounts that were applicable to the labor categories in all the years prior to the option year(s) for which the discount is requested then that average will be used. For example if the contractor is requesting an adjustment for option year 3 and the discount for a labor category rate used in the pricing of the task order in for option year 3 is 20 percent lower than the GSA schedule contract rate in effect or estimated at the time of award, the 20 percent discount factor would be applied to the revised GSA schedule labor rate for that category. That is, if the increased GSA labor rate is \$100 per hour, the hourly rate used in calculating the monthly unit price will be no more than \$80 for that labor category. However, if the average of the discounts from the GSA published labor rates for that category from the time of award through option year 2 is more than 20%, then, that average percentage factor will be used for the labor category. This maintains the same percentage discount relationship between the task order prices and the GSA contract rates throughout the task order period. If a new rate has been negotiated with GSA and accepted but not published, the new rate may be used if it will be effective prior to the start of the option year for which the adjustment is requested, and if the contractor can provide supporting documentation to MDA that confirms that the GSA contracting officer has approved the new rate.

e. The maximum amount of the increase that will be permitted for each unit price stated in the order will be limited to a ceiling of ten percent (10%) over the original price.

f. The request for a pricing adjustment will identify the GSA schedule contract labor rates that apply to the specific year (or if a new schedule contract is pending, the schedule contract labor rates and effective dates that have been negotiated with GSA). The contractor will explain how the discount percentage limitation off the GSA rate for each labor category was figured and applied to the higher proposed task order unit price.

14. CONTRACT MODIFICATION

In order for the Government to determine whether the price offered for any change to this order is fair and reasonable, the Contractor shall provide supporting information to the extent required by the Contracting Officer, as well as access to pertinent records as described under the version of the FAR 52.215-21 included in the GSA Schedule contract.

15. CONTRACTOR ACCESS TO PLANNING, PROGRAMMING, BUDGETING, AND EXECUTION (PPBE) DATA (OCT 2004)

a. In order to perform the requirements of this contract, the Contractor shall be required to receive, review, analyze, and prepare (hereinafter shall be referred to as "process") reports/data which contain Government Planning,

Programming, Budgeting and Execution (PPBE) data. However, the Missile Defense Agency is authorized to release PPBE data to the Contractor only after compliance with the provisions of this clause has been met. Additionally, the Contractor is also required to comply with the provisions of MDA Directive 7045.01, "Contractor Access to Planning, Programming, Budgeting and Execution (PPBE) Data" where applicable.

b. The Prime Contractor shall provide the following information to the Contracting Officer within fifteen (15) days from the date of this contract:

(1) Affiliates (parent company, subsidiaries, joint ventures, and partnerships, etc.):

- (a) Company's name and complete address;
- (b) Affiliation; and
- (c) Nature of the company's business.

(2) Agents, consultants, and subcontractors related to this contract:

- (a) Company's name and complete address;
- (b) Relationship; and
- (c) Nature of the company's business.

The Contracting Officer shall be notified immediately in writing in the event of any changes in b (1) and (2) above throughout the lifetime of this contract. With regard to competing on future MDA procurements, the Contractor must abide by the organizational conflict of interest provisions of this contract.

c. PPBE data is defined as: Current or future Planning, Programming, Budgeting and Execution (PPBE) data regarding any activity relating to the MDA Program or any of its projects regardless of the funding source or date of the document.

(1) Planning data defines the national military strategy; integrates the military forces necessary to accomplish that strategy; prioritizes the resources for effectively accomplishing the mission; and provides decision options.

(2) Programming data reflects the systematic analysis of missions and objectives to be achieved, alternative methods, and effective allocation of limited resources.

(3) Budgeting data are detailed financial estimates of the MDA Program or any of its related projects.

(4) Execution data relates to the recording of expenditures that document how the funds were spent.

d. The following list of documents (which is exemplary but not all inclusive) obtained from DoD Directive 7045.14, "The Planning, Programming and Budgeting System (PPBS)," May 22, 1984 and other sources are considered PPBE documents:

(1) PLANNING

- (a) Strategic Planning Guidance (SPG)
- (b) Fiscal Guidance (when separate from SPG or Joint Planning Guidance)
- (c) Directors' Intent
- (d) Technical Planning Guide

(2) PROGRAMMING

- (a) Program Objective Memoranda (POM)
- (b) Joint Programming Guidance (JPG)
- (c) Future Year Defense Program (FYDP) documents (POM Defense Program, Procurement & RDT&E Annexes)
- (d) Program Change Proposals (PCPs)
- (e) POM Issue Papers
- (f) Proposed Program Reductions (Or Program Offsets)
- (g) Tentative Issue Decision Memoranda
- (h) Program Decision Memoranda

(3) BUDGETING

- (a) Future Year Defense Program (FYDP) documents for September Budget Estimate Submission (BES) & President's BES including Procurement (P-1), RDT&E (R-1), & Construction (C-1) Program Annexes
- (b) Financial Control Board (FCB) Documentation
- (c) Classified P-1, R-1, & C-1 Program Annexes
- (d) Program Budget Decisions/Defense Management Review Decisions/Management Initiative Directives (MID)
- (e) Reports Generated by the Comptroller Information System (CIS)
- (f) Budget Change Proposals (BCPs)

(4) EXECUTION

- (a) DD Form 1414 Base for Reprogramming
- (b) DD Form 1416 Report of Programs
- (c) Contract Award Reports
- (d) DD COMP (M) 1002 Appropriation Status by Fiscal Year Program
- (e) FCB Execution Review Documentation

e. The Contractor shall be responsible for informing its personnel (hereinafter includes persons employed by the Contractor as an agent, consultant, or subcontractor) of the provisions of this clause and providing original MDA PPBE certifications "PPBE Non-Disclosure Agreement" (MDA Form 099) attached to the Contracting Officer within fifteen (15) days after the award of this contract. A "PPBE Non-Disclosure Agreement" shall be obtained from each Contractor employee involved in the performance of this contract that requires access to such data. Each individual shall be required to agree to:

(1) Read and comply with the applicable provisions of this clause, the non-disclosure agreement, and the provisions of MDA Directive 7045.01.

(2) Handle PPBE data as for official use only.

(3) Ensure PPBE data entrusted to them will ONLY be used in accordance with applicable MDA governing regulations, for the purpose for which it was provided, and within the scope of the Statement of Work.

(4) Not divulge PPBE data (obtained directly or indirectly in the performance of this contract unless directed by the Contracting Officer) to any individual, except to Government personnel whom they know to have a "need-to-know" and non-Government person(s) whom they know to have MDA PPBE authorization. Even though data becomes part of the public domain, contractor personnel are bound by the provisions of this clause not to confirm or deny questions regarding PPBE data. Inquiries by unauthorized persons should be referred to the Contracting Officer's Representative or the Contracting Officer. (Verification of contractor personnel authorized access to PPBE data can be obtained only from the Contracting Officer.)

(5) Not transport (by any medium), maintain, or process PPBE data outside a Government facility unless the removal or preparation of such data at the facility is accomplished in accordance with a company's facility plan approved by MDA. (Verification of MDA PPBE-approved contractor facilities and individuals can be obtained from the Contracting Officer.) Authorization to transport PPBE data shall be provided by the Contracting Officer.

(6) Notify the Contracting Officer promptly if any non-Government person(s) or company(s) requests access to PPBE data.

f. The Contractor shall be responsible for immediately notifying the Contracting Officer in writing of any changes in its personnel with access to PPBE data, such as departures, new employees, or employees who no longer need access to such data under this contract.

g. Contractor personnel who have been granted access to PPBE data shall process when possible, such data in Government workspaces using equipment furnished by the Government. However, if a contractor anticipates processing PPBE data in a Government facility on Contractor-owned equipment, prior written approval from the Contracting Officer must be obtained. The Contractor's written request should describe the equipment being used and a brief justification. After approval by the Contracting Officer, the request must be endorsed by the appropriate MDA office before bringing the equipment into the facility:

(1) Information Systems Directorate - all ADP equipment.

(2) Resources Management Facilities Logistics Directorate - all other equipment, such as telefax and reproduction machines, tables, chairs, and mobile and permanent white boards.

h. Processing PPBE data at the Contractor's facility shall be performed only when absolutely essential and processing in Government workspaces is impractical. Prior to the processing of any such data outside of a Government facility or removal of PPBE data from a Government facility, the Contractor shall submit a written plan to the Contracting Officer outlining the procedures for maintaining and safeguarding such data at its facility. The Contractor shall submit its own plan or a plan which meets the general requirements identified in MDA Directive 7045.01. The plan shall be approved in writing by the Contracting Officer prior to removal of any PPBE data from a Government facility or the processing of any such data in the contractor's facility. A Contractor may submit a separate plan for each of its facilities that need to maintain such data or one plan as long as any differences between the procedures followed at each facility are clearly distinguishable in the plan. If an agent, consultant, or subcontractor requires the processing of PPBE data at its facility(s), they also must submit a separate facility plan through the prime Contractor for approval by the Contracting Officer.

NOTE: A plan is not required for Contractor personnel who have been given prior access to PPBE data to transport, process, or maintain such data at a Government or an MDA-approved contractor facility. (Verification of MDA approved Contractor facilities and authorized personnel can be obtained only from the Contracting Officer.)

i. If the Contractor is not required to process PPBE data at its facility(s), the contractor shall inventory all Government documents in its possession. The contractor shall notify the Contracting Officer in writing of such documents and request the method of document disposal. If the requirement to process such data at the contractor's facility(s) changes in the future, compliance with paragraph h above shall be required.

j. The Contractor shall provide training for all employees who require access to PPBE data on the proper handling and disclosure of such data. The contractor shall be responsible for ensuring that persons in their employment that have been granted access to PPBE data understand the consequences of divulging such data. Revealing PPBE data to unauthorized persons may provide other companies with an unfair advantage in future competitions or jeopardize national security interests.

k. In the event the Contractor or any of its employees, agents, subcontractor employees, or consultants fail to comply with the provisions of this clause, such noncompliance shall be deemed a material breach of the contract

for which the Government reserves the right to terminate the contract for default and/or resort to such other rights and remedies, as provided for under this contract or under Federal laws. Noncompliance with the provisions of this clause may also adversely affect the evaluation of a Contractor's reliability in future acquisitions.

16. ORGANIZATIONAL CONFLICT OF INTEREST (OCI)

a. Purpose: The primary purpose of this clause is to aid in ensuring that:

(1) The Contractor's objectivity and judgment are not biased because of its present, or currently planned interests (financial, contractual, organizational, or otherwise) which relate to work under this contract;

(2) The Contractor does not obtain an unfair competitive advantage by virtue of its access to non-public information regarding the Government's program plans and actual or anticipated resources; and

(3) The Contractor does not obtain any unfair competitive advantage by virtue of its access to proprietary information belonging to others.

b. Scope: The restrictions described herein shall apply to performance or participation by the Contractor and any of its affiliates or their successors in interest (hereinafter collectively referred to as "Contractor") in the activities covered by this clause as prime Contractor, subcontractor, co-sponsor, joint venturer, consultant, or in any similar capacity. The term "proprietary information" for purposes of this clause is any information considered so valuable by its owners that it is held secret by them and their licensees. Information furnished voluntarily by the owner without limitations on its use, or which is available without restrictions from other sources, is not considered proprietary.

(1) Maintenance of Objectivity: The Contractor shall be ineligible to participate in any capacity in contracts, subcontracts, or proposals thereof (solicited or unsolicited) which stem directly from the Contractor's performance of work under this contract. Furthermore, unless so directed in writing by the Contracting Officer, the Contractor shall not perform any services under this contract on any of its own products or services, or the products or services of another firm if the Contractor is, or has been, substantially involved in their development or marketing. In addition, if the Contractor under this contract prepares a complete, or essentially complete, Statement of Work (SOW), or other form of technical solutions, functions, requirements, or specifications document, to be used, directly or indirectly, in competitive acquisitions, the Contractor shall be ineligible to perform or participate in any capacity in any contractual effort which is based on such SOW or specifications. Nothing in this subparagraph shall preclude the Contractor from competing for follow-on contracts involving the same or similar services based on such a SOW or specification.

(2) Access To and Use of Government Information: If the Contractor, in the performance of this contract, obtains access to information such as plans, policies, reports, studies, financial plans, or data which has not been released or otherwise made available to the public, the Contractor agrees that without prior written approval of the Contracting Officer, it shall not: (a) use such information for any private purpose unless the information has been released or otherwise made available to the public, (b) compete for work based on such information for a period of one year after the completion of this contract, or until such information is released or otherwise made available to the public, whichever occurs first, (c) submit an unsolicited proposal to the Government which is based on such information until one (1) year after such information is released or otherwise made available to the public, or (d) release such information unless such information has previously been released or otherwise made available to the public by the Government.

(3) Access To and Protection of Proprietary Information: The Contractor agrees that, to the extent it receives or is given access to proprietary data, trade secrets, or other confidential or privileged technical, business, or financial information (hereinafter referred to as "proprietary data") under this contract, it shall treat such information in accordance with any restrictions imposed on such information. The Contractor further agrees to enter into a written agreement for the protection of the proprietary data of others and to exercise diligent effort to protect such proprietary data from unauthorized use or disclosure. In addition, the Contractor shall obtain from each

employee who has access to proprietary data under this contract, a written agreement which shall in substance provide that such employee shall not, during his/her employment by the Contractor or thereafter, disclose to others or use for their benefit, proprietary data received in connection with the work under this contract. The Contractor will educate its employees regarding the philosophy of Part 9.505-4 of the Federal Acquisition Regulation so that they will not use or disclose proprietary information or data generated or acquired in the performance of this contract except as provided herein.

c. Subcontracts: The Contractor shall include this or substantially the same clause, including this paragraph, in consulting agreements and subcontracts of all tiers. The terms "Contract", "Contractor", and "Contracting Officer" will be appropriately modified to preserve the Government's rights.

d. Representations and Disclosures:

(1) The Contractor represents that it has disclosed to the Contracting Officer, prior to award, all facts relevant to the existence or potential existence of organizational conflict of interest as that term is used in FAR Subpart 9.5. To facilitate disclosure and Contracting Officer approval, the Contractor shall complete an OCI Analysis/Disclosure Form (Attachment 3) for each MDA, BMD, and BMD-related contract or subcontract.

(2) The Contractor represents that if it discovers an organizational conflict of interest or potential conflict of interest after award, a prompt and full disclosure shall be made in writing to the Contracting Officer. This disclosure shall include a description of the action the Contractor has taken or proposes to take in order to avoid or mitigate such conflicts.

e. Remedies and Waiver:

(1) For breach of any of the above restrictions or for non-disclosure or misrepresentation of any relevant facts required to be disclosed concerning this contract, the Government may terminate this contract for default, disqualify the Contractor for subsequent related contractual efforts, and pursue such other remedies as may be permitted by law or this contract. If, however, in compliance with this clause, the Contractor discovers and promptly reports an organizational conflict of interest (or the potential thereof) subsequent to contract award, the Contracting Officer may terminate this Contract for convenience if such termination is deemed to be in the best interest of the Government.

(2) The parties recognize that this clause has potential effects which will survive the performance of this contract and that it is impossible to foresee each circumstance to which it might be applied in the future. Accordingly, the Contractor may at any time seek a waiver from the Director, MDA, (via the Contracting Officer) by submitting a full written description of the requested waiver and the reasons in support thereof.

f. Modifications: Prior to contract modification, when the SOW is changed to add new work or the period of performance is significantly increased, the Contracting Officer will request and the Contractor is required to submit either an organizational conflict of interest disclosure or an update of the previously submitted disclosure or representation.

17. PUBLIC RELEASE OF INFORMATION (JAN 2003)

a. The policies and procedures outlined herein apply to information submitted by the Contractor and his subcontractors for approval for public release. Prior to public release, all information shall be cleared as shown in the "National Industrial Security Program Operations Manual" (DoD 5220.22-M).

b. All public information materials prepared by the Contractor shall be submitted to the MDA (see paragraph e. below) for clearance prior to release. These materials include but are not limited to, technical papers, and responses to news queries that relate to a Contractor's work under this contract.

000027

- c. However, once information has been cleared for public release, it does not have to be cleared again for later use. The information shall be used in its originally cleared context.
- d. The MDA Director for Communications is responsible for processing Contractor-originated material for public release.
- e. All material to be cleared shall be sent to:
- Office of the Secretary of Defense
Missile Defense Agency, MDA/DC
7100 Defense Pentagon
Washington, DC 20301-7100
- Subcontractor proposed public releases shall be submitted for approval through the prime Contractor.
- f. The Contractor shall submit the material proposed for public release to the above addressee by a letter of transmittal which states: (1) to whom the material is to be released; (2) the desired date for public release; (3) that the material has been reviewed and approved by officials of the Contractor, or the subcontractor, for public release; (4) the contract number and the applicable COR.
- g. Two (2) copies of each item, including written material, photographs, drawings, "dummy layouts" and the like shall be submitted at least six (6) weeks in advance of the proposed release date.
- h. The items submitted must be complete. Photographs shall have captions.
- i. Abbreviated materials or abstracts may be submitted if the intent is to determine the feasibility of going further in preparing a complete paper for clearance. However, final approval for release or disclosure of the material cannot be given on the basis of abstracts.
- j. Outlines or rough drafts will not be cleared.
- k. Materials submitted to MDA for release purposes shall be void of all Contractor logos or other attributions to the Contractor.

18. ENABLING CLAUSE FOR BMD INTERFACE

- a. It is anticipated that, during the performance of this contract, the Contractor will be required to support Technical Interface/Integration Meetings (TIMS) with other BMD Contractors and other Government agencies. The Contractor, as needed to protect the rights of the Contractor and the Government, will negotiate appropriate OCI clauses.
- b. The Contractor agrees to cooperate with BMD Contractors by providing access to technical matters, provided, however, the Contractor will not be required to provide proprietary information to non-Government entities or personnel in the absence of a non-disclosure agreement between the Contractor and such entities.
- c. The Contractor further agrees to include a clause in each subcontract requiring compliance with the response and access provisions of paragraph b. above, subject to coordination with the Contractor. This agreement does not relieve the Contractor of its responsibility to manage its subcontracts effectively, nor is it intended to establish privity of contract between the Government and such subcontractors.
- d. Personnel from BMD Contractors or other Government agencies or Contractors are not authorized to direct the Contractor in any manner.

e. This clause shall not prejudice the Contractor or its subcontractors from negotiating separate OCI agreements with BMD Contractors; however, these agreements shall not restrict any of the Government's rights established pursuant to this clause.

19. MDA VISIT AUTHORIZATION PROCEDURES

a. The Contractor shall submit all required visit clearances IAW the National Industrial Security Program Operating Manual and will forward all visit requests, identifying the contract number, to:

Office of the Secretary of Defense
Missile Defense Agency
7100 Defense Pentagon, MDA/SOC
Washington, D.C. 20301-7100
Phone No.: (703) 695-8048 FAX No.: (703) 693-1526

b. The COR is authorized to approve visit requests for the Contracting Officer.

20. SMALL BUSINESS PARTICIPATION REPORTING REQUIREMENT

a. In order to assist MDA in collecting information regarding small business participation in MDA contracts and orders, the Contractor (regardless of whether a small or large business) shall submit the following reports:

(1) Standard Form 294, Subcontracting Report for Individual Contracts. This report shall be submitted semiannually and at contract completion to the Director, Small Business, MDA. The report covers subcontract award data related to this contract/order.

(2) Standard Form 295, Summary Subcontract Report. This report encompasses all of the contracts with the awarding agency. It must be submitted semi-annually to the Director, Small Business, MDA. If the reporting activity is covered by a commercial plan, the reporting activity must report annually all subcontract awards under that plan. All reports submitted at the close of each fiscal year (both individual and commercial plans) shall include a breakout, in the Contractor's format, of subcontract awards, in whole dollars, to small disadvantaged business concerns by North American Industry Classification System (NAICS) Industry Subsector.

b. Please annotate the method by which you plan to provide your submission.

(1) Electronic format through the following website: www.mdasmallbusiness.com

(2) Hardcopy mailed to:

Director, Small Business Missile Defense Agency (MDA/SB)
7100 Defense Pentagon
Washington, DC 20301-7100

21. FEDERAL ACQUISITION REGULATIONS REQUIREMENTS

The following FAR requirements are incorporated by reference:

FAR 52.204-2 Security Requirements (AUG 1996)

FAR 52.217-8 Option to Extend Services (NOV 1999)

FAR 52.217-9 Option to Extend the Term of the Contract (MAR 2000)

FAR 52.237-3 Continuity of Services (JAN 1991)

FAR 52.243-1 Changes —Fixed-Price (AUG 1987), Alternate III (APR 1984).

FAR 52.243-3 Changes —Time-and-Materials or Labor-Hours (SEP 2000).

22. DEFENSE FEDERAL ACQUISITION REGULATIONS SUPPLEMENT REQUIREMENTS

000029

The following DFARS requirements are incorporated by reference:

252.204-7000 Disclosure Of Information (DEC 1991)

252.204-7005 Oral Attestation of Security Responsibilities (NOV 2001)

252.225-7043 - Antiterrorism/Force Protection Policy for Defense Contractors Outside the United States (JUN 2005)

252.232-7003 Electronic Submission of Payment Requests (JAN 2004)

252.239-7016 Telecommunications Security Equipment, Devices, Techniques, And Services (DEC 1991)

23. TECHNICAL TASK ORDERING - CLIN 0004 (and respective CLINs for each option year)

a. The Government will place Technical Task Orders (TTO) for services consistent with the SOW (Attachment 1) for a total amount of hours not to exceed that which is specified at CLIN 0004 (and respective CLINs for each option year), on a fixed price time and materials basis. The contractor shall initiate special studies and receive compensation for such studies only after receiving a task order for the study issued by the PCO.

b. The order will identify (1) the scope of the study and study objectives, (2) the period of performance, (3) the estimated level of effort and skill sets, and (4) the not-to-exceed amount allocated to the particular study project (if the effort needs to start immediately).

c. Upon receipt of the TTO the contractor shall respond with a Task Plan summarizing the study plan of action, milestone schedule, report format and content and estimated cost.

d. The MDA technical sponsor, in coordination with the COR, reconciles the Study Plan with the MDA need and submits a TTO and funding document to the PCO for placement under the contract.

24. CONTROL OF ACCESS TO MDA SPACES AND INFORMATION SYSTEMS/CONTRACTOR EMPLOYEE OUT-PROCESSING (OCT 2004)

a. To maintain the security of the MDA spaces and information systems, the Contractor shall notify the COR in writing whenever a prime or subcontractor employee included on the current Visit Authorization Request/Letter discontinues support to this order. This requirement shall apply to both Contractor and employee initiated termination of services and to temporary suspension of services longer than four weeks.

b. Upon notification, the COR will ensure that the Technical Area Security Officer/Office Security Manager takes timely action to:

- (1) Remove the employee from the current Visit Authorization Request/Letter;
- (2) Cancel the MDA badge, keycard and Pentagon Pass issued pursuant to the Visit Authorization Request/Letter; and
- (3) Terminate the MDA LAN account/access privileges.

c. The contractor shall identify the reason for and date of termination or expected period of suspension and submit the notification to the COR within five (5) working days prior to service discontinuation. For unplanned termination or suspension of services exceeding four weeks, notification shall be made within one (1) working day after termination/suspension action.

d. Prior to the departure of on-site contractor employees, the departing employee shall complete an out-processing checklist for MDA on-site contractor employees as required by MDA Directive Number 5000.01, and return the completed checklist (MDA Form 018, Attachment 13), with all required signatures, to the cognizant Contracting Officer's Representative (COR). The COR will provide the completed form to the Contracting Officer to be retained in the official contract file by the Contracting Officer.

25. PRICE SAVINGS SHARE OPPORTUNITY

000030

a. The Contractor is encouraged to propose contract/CLIN value reductions during the current performance period (or upcoming option periods) for fixed price CLINs (and associated Option CLINs) under this contract. This opportunity for reduction is based on a recognized improved understanding by the Contractor of the Government's requirement which may possibly result in a change to either the skill mix, the total man-years required, or both, without impacting this contract's mission, deliveries and product output. The Contractor will fully support, at the technical and cost/price level, the rationale for any proposed reduction. (Cost and pricing data will be submitted to the Contracting Officer only.) In the event that the Government accepts the proposed reduction, or any part thereof, the parties will share the savings on an 80/20 Government/Contractor share ratio (i.e. the CLIN price/unit price will be reduced by eighty (80%) percent, with the remaining twenty (20%) percent retained in the price/unit price as the Contractor's savings share).

b. The Government is under no obligation to accept the Contractor's proposed reduction.

CONTRACT DATA REQUIREMENTS LIST
(1 Data Item)

Form Approved
OMB No. 0704-0188

The public reporting burden for this collection of information is estimated to average 110 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing the burden, to Department of Defense, Washington Headquarters Services, Directorate for Information Operations and Reports (0701-0188), 1215 Jefferson Davis Highway, Suite 1204, Arlington, VA 22202-4302. Respondents should be aware that notwithstanding any other provision of law, no person shall be subject to any penalty for failing to comply with a collection of information if it does not display a currently valid OMB control number. Please DO NOT RETURN your form to the above address. Send completed form to the Government Issuing Contracting Officer for the Contract/PR No. listed in Block E.

**Statement of Work (SOW)
For
Measurement and Signature and Geo-spatial Intelligence Support (MASINT)**

1.0 Overview

The Deputate for Security, Intelligence and Special Programs of the Missile Defense Agency (MDA/SI) requires highly specialized technical and engineering service support.

This support is for Measurement and Signature Intelligence (MASINT) and Geo-spatial intelligence services for the development and management of collection and analysis support to SI and the Ballistic Missile Defense System (BMDS). MASINT resources of the Department of Defense and Geo-spatial intelligence assets and capabilities of the Intelligence Community (IC) are to be leveraged to provide advanced capabilities to the BMDS.

In accordance with instructions resulting from the Base Realignment and Closure (BRAC) process, it may become necessary for MDA to move these operations to other geographically dispersed locations during the contract period.

2.0 Objective

The primary focus is the tasking of, and subsequent application of the data received from IC tasking to current and developing BMDS intelligence, surveillance and reconnaissance (ISR) functions. The resultant data, its management, and scientific analysis will be used to leverage technologies to enhance metric and discrimination elements of BMDS functions.

3.0 Requirement

The scope of this effort will include the development of tasks, data management, and scientific analysis necessary to assess sensors and sensor system support for the detection, classification and reporting of worldwide ballistic missile activity.

3.1 Expertise

This effort requires support where related skill sets and experience will be required. Expertise must include scientific and technical personnel capable of analysis, planning, support to technical programs, and provide oversight to technology development. Extensive experience in scientific and technical intelligence as well as research and testing requires deep experience in an area where such experience is uncommon. Experience in specialized phenomena such as radiometric, spectral and radio frequency analysis along with active Top Secret security clearances and Sensitive Compartmented Information accesses are required to support these activities.

3.2 Analysis and Planning

The analysis and planning category will provide fundamental support for testing and program development. Activities in this category will include data gathering, correlation and technical analysis for evaluation of potential cost and risk tradeoffs. Analysis will include data base development and maintenance, and scientific and technical research. Program development includes project definition and program development from concept and testing through planning for operations. Deliveries from this category will consist of reports, plans and presentations.

3.3 Technical Program Support

Technical program support will consist of engineering, scientific, and technical management duties to provide services in community management, tasking and requirements, mission management and test support. This category of work includes assessing sensitive technical documents, developing MDA threat data collection requirements and priorities, evaluating MASINT issues, and representing priorities to the intelligence community meetings. Additionally, support will be required to seek, establish, and maintain joint cooperative relationships with individual organizations and agencies within the intelligence community to optimize the use of national resources, prevent the unnecessary duplication of effort, leverage research and development efforts of mutual interest to MDA. Deliveries from this category will consist of test plans, budget worksheets, data reports and presentations.

4.0 Deliveries (Contract Data Requirements List)

- 4.1 Funds and Labor Hour Expenditure Report
- 4.2 Technical Status Report
- 4.3 Monthly Status Report
- 4.4 Technical Reports

**GOVERNMENT FURNISHED INFORMATION/GOVERNMENT FURNISHED EQUIPMENT AND
OTHER DIRECT COST LIMITATIONS**

GOVERNMENT FURNISHED INFORMATION

- 1. Access to PPBS Information: **Yes**
- 2. Access to information of other contractors: **TBD**

GOVERNMENT FURNISHED EQUIPMENT

- 1. Number of On Site Work Stations (including Computers): **One per on-site employee**
- 2. Number of Off Site Work Stations (including Computers): **N/A**
- 3. GFE: Access to workstations, phones, Intelligence equipment

OTHER DIRECT COSTS

NTE: \$10,000 under CLIN 0002 and respective CLINs for each option year.

- 1. Non-Local Travel

<u>Anticipated Destination</u>	<u>Anticipated Frequency</u>
Minimal	1 per year

- 2. Other Costs: **TBD**

OCI ANALYSIS/DISCLOSURE FORM

1. Contract Number		2. Program Title	
HQ0006-06-F-0012		MASINT Support Services	
3. Contractor Name and Address		4. Telephone Number and POC	
5. Type of work to be performed under this solicitation:			
(a) Providing Systems Engineering and Technical Direction () (b) Preparing Specifications or Work Statements () (c) Providing Technical Evaluation or Advisory & Assistance Services (x)			
Other MDA or BMD-related work requiring analysis and determination:		6. Contract Number and Program Title	
7. Brief Summary/Description of work performed under Block 6 action:			
8. Relationship between requirements of Block 1 action and work performed under Block 6 action (If None, State Why):			
9. Offeror/Contractor OCI Evaluation and Assessment (If either answer is yes, attach a copy of the SOW and complete Block 10):			
(a) Does Actual OCI exist? () Yes () No (b) Does Potential OCI exist? () Yes () No			
10. Summary of actual/potential OCI, including actions planned to avoid, neutralize, or mitigate conflict or potential conflict:			
11. Typed Name of Responsible Official		12. Signature	13. Date
14. Typed Name of Contracting Officer		15. Approval Signature	16. Date

INSTRUCTIONS FOR COMPLETING OCI ANALYSIS/DISCLOSURE FORM

Blocks 3 and 4: Self-explanatory.

Block 6: Fill in the number and the short, official title by which the contract or subcontract requiring analysis and determination is formally known. This is work that has already been awarded, is being performed by your company, and requires a comparison with that work described in Blocks 1-5.

NOTE: One OCI Analysis/Disclosure Form shall be submitted for EACH BMD or BMD-related contract or subcontract currently being performed.

Block 7: Provide a brief, but specific, narrative summary of the SOW and work performed on the contract or subcontract listed in Block 6, including the period of performance and the value.

Block 8: Provide a brief, but specific, narrative summary of ANY relationship between the work to be performed under the action listed in Block 1 and the previous work performed under the action listed in Block 6. Please be as specific as possible by citing the specific RFP/SOW paragraph where possible.

Block 9: Place an "X" in the appropriate () for your responses.

Block 10: If you answer yes either to 9(a) or to 9(b), provide a summary of the actual or potential OCI.

Blocks 11, 12, and 13: Provide the name of your company official with responsibility for and/or authority to discuss and commit the company on matters relating to OCI issues. That official should then sign and date each form.

AWARD TERM PLAN**1.0 INTRODUCTION**

This Award Term Plan (hereinafter referred to as the "Plan") serves as the charter which will be used to evaluate the contractor's performance of work required by this contract and to determine whether the performance award term (hereinafter referred to as the "award term option" or "term") will be granted. MDA requires top-level performance to meet program requirements. Hence, this performance plan is designed to provide an additional incentive to the contractor for outstanding quality performance that will benefit MDA.

The intent of this plan is to establish procedures for the evaluation of contractor performance by furnishing guidelines and procedures for: (1) evaluating the contractor's performance during evaluation periods as referenced in paragraph 6.2 and the order; and (2) furnishing sufficient data to enable the Award Term Approving Official to determine whether the award term will be granted.

2.0 GENERAL

Through this plan, MDA seeks to provide additional incentives for the contractor to perform at a level MDA considers better than satisfactory. The award term will only be exercised if overall performance is evaluated at a level greater than satisfactory in meeting contractual requirements. The factors for this determination are set forth in paragraph 6.1.

3.0 PURPOSE

This plan and the specific contract provisions shall serve as a guide to MDA personnel directly involved in the evaluations of contractor performance.

4.0 OBJECTIVES

The objective of this performance award term feature is to incentivize contractor performance in the areas delineated in paragraph 6.1. Therefore, the contractor should emphasize these areas in its performance of this contract.

5.0 PERFORMANCE AWARD TERM REVIEW TEAM**5.1 Organization**

The organization of the Team is described in the following paragraphs.

5.1.1 Award Term Approving Official. The Award Term Approving Official is a MDA Deputy or Director of the organization requiring the contractor support. The Deputy or Director may appoint another individual to perform this function for their organization.

5.1.2 Performance Award Term Review Team. The Award Term Approving Official may appoint a Team to assist in evaluating the contractor's performance. If warranted by the size or complexity of the contract, the Award Term Approving Official may appoint a Chairman to the Team or the Award Term Approving Official may serve as the Chairman. The team members will ensure a fair and accurate assessment of the contractor's performance for the period being evaluated. The Team Chairman may also use non-voting advisors as necessary.

5.2 Duties of the Team.

The duties of the Team are as follows:

5.2.1 Implement the plan and propose timely modifications to the Plan if required, throughout the period of contract performance.

5.2.2 Evaluate contractor performance for each performance evaluation period.

5.2.3 Prepare and submit to the Award Term Approving Official a written evaluation of the contractor's performance.

5.3 Responsibilities.

5.3.1 **Award Term Approving Official.** Approves the award term plan and the evaluation factors and scoring methodology. Approves the composition of the Team. Determines the contractor performance rating and whether the award term period will be granted based on the factors of the plan. Advises the contractor in writing of annual evaluation results and award term decision and documents the basis for the decision.

5.3.2 **Team Chairman.** Structures the Team membership to provide representation that reflects all appropriate aspects of contract performance and provides membership to adequately assess contractor performance for the period being evaluated. Conducts the evaluation under this plan. Schedules Team meetings and serves as a recorder at these meetings. Leads the team in developing a consensus evaluation and in resolving significant differences in ratings. Provides brief summary documentation for the Award Term Approving Official. May provide feedback to the contractor in order to focus the contractor on areas that would lead to improved performance in subsequent periods.

5.3.3 **Performance Award Term Review Team.** Monitors and evaluates contractor performance for the period under consideration, utilizing the factors set forth in the plan. Makes written evaluations, completes the evaluation worksheets (Award Term Evaluation Form- see attachment) and formulates award term recommendations. Briefs the Award Term Approving Official on evaluations, when requested, and provides supporting data/documentation to support the assessment of performance. Prepares the evaluation report and accompanying narrative justification. Identifies potential improvement areas and areas of emphasis for the next succeeding evaluation period to the Team Chairman for later contractor debriefing.

5.3.4 **Contracting Officer.** Prepares and distributes contract modifications awarding the term authorized by the Award Term Approving Official. Maintains term documentation as part of the official order file. Retains historical files and other documentation relating to term matters for the contract.

6.0 PERFORMANCE EVALUATION AND FACTORS

MDA shall evaluate the contractor's performance in achieving contract requirements for the term periods using the evaluation factors below (as applicable). MDA may notify the contractor of areas where emphasis should be placed for an upcoming period.

6.1 Evaluation Factors and Scoring

The contractor's performance will be evaluated on the basis of factors with subjective rating criteria. (The following evaluation factors and rating criteria are an example and may be used with most orders—award term approving officials may tailor and add as applicable). An evaluation rating of "excellent" and "outstanding" shall only be given when the contractor's performance exceeds satisfactory:

RESPONSIVENESS

Outstanding: Totally responsive, flexible, and proactive to changes in direction and adapting resources to successfully deal with the changes. Project organization consistently assures on time or early responses to all deadlines. No adverse effect on productivity, performance or delivery.

Excellent: Very responsive and flexible to changes in direction and adapting resources to successfully deal with the changes. Project organization assures on time responses to short fuse deadlines in almost all cases. Rarely is there an adverse effect on productivity, performance or delivery.

Satisfactory: Met contract requirements. Adjusts easily to changes on many occasions. Little adverse effect on productivity, performance, or delivery.

Marginal: Meets contract requirements, generally. Occasional delays or difficulty in meeting suspenses. Overall responsiveness could be improved.

Unsatisfactory: Does not meet contract requirements.

COMPLIANCE WITH MILESTONES/DELIVERABLES

Outstanding: Impeccable record in meeting milestone/due dates, all of which are completed early, unless otherwise directed by MDA.

Excellent: Exemplary record in meeting milestone/due dates, many of which are completed early.

Satisfactory: Met requirements. Schedule problems are usually identified in time for corrective action; milestones/due dates are almost always achieved and instances where they are not are of minor impact.

Marginal: Meets contract requirements generally, but some work may be late or need to be redone.

Unsatisfactory: Does not meet contract requirements.

CONTRACT MANAGEMENT, REPORTING, AND SUPERVISION OF RESOURCES

Outstanding: Provides extraordinarily motivated, competent, and professional personnel. Positive attitudes. Strong teamwork. Personnel need virtually no supervision and are highly proficient in their work. The contractor anticipates and plans for problem areas. Minimal personnel turnover. Resources are replaced, when necessary, without impacting workload or mission activities. Exceptionally formatted and complete reports are submitted in a timely and accurate manner. Team leads assemble a highly organized and successful team in which the members provide MDA with all needed skills and the members demonstrate strong skills and teamwork.

Excellent: Highly talented workforce that displays high motivation and successful teamwork. Personnel are competent and training is provided to upgrade or improve skills. Reports are of high quality and completeness. Efficient recruitment and personnel management. Supervision ensures quality performance, teamwork, and work efficiency.

Satisfactory: Met requirements. Communicative and capable management. Oversees activities in a very competent and professional manner. Direction of subcontractors or consultants meets and in some instances exceeds all requirements of the contract. Reports are thorough, accurate, self-explanatory and meet MDA expectations.

Marginal: Meets contract requirement generally, but occasional delays or mission impact occurs due to lack of communication, proficiency, high turnover, delays in replacing personnel or lack of supervision. Reports do not always meet expectations.

Unsatisfactory: Does not meet contract requirements.

QUALITY

Outstanding: Deliverables, products, services and other performance output almost always significantly exceed MDA needs and expectations. Quality consistently exceeds an acceptable level, in a way that is of great importance to MDA. Contractor is extremely dependable, work/products almost always exceed contract requirements or specifications. Contractor never delivers inaccurate or unsatisfactory goods or services, contractor demonstrates very high level of dedication and ability. Provides innovative solutions.

Excellent: Deliverables, products, services and other performance output consistently exceed MDA needs or expectations. Quality exceeds an acceptable level to a significant degree, contractor is highly dependable, work/products frequently exceed contract requirements or specifications. Contractor never delivers inaccurate or unsatisfactory goods or services. Highly professional products.

Satisfactory: Met requirements. Deliverables, products, services or other performance output meet and sometimes exceed MDA needs and expectations, quality is above an acceptable level, output is very dependable, work is completed according to contract requirements and specifications and sometimes exceeds it. Output contains few, if any, non-conformances. Areas of inaccurate work or unsatisfactory results are minor and do not have a significant adverse impact on MDA mission.

Marginal: Meets contract requirements generally, but some lack the professional work that MDA expects

Unsatisfactory: Does not meet contract requirements.

COST MANAGEMENT (APPLICABLE TO LABOR HOUR AND TIME AND MATERIAL ORDERS/CLINS) AND LABOR HOUR EFFICIENCY

Outstanding: Cost controls are highly effective and consistently result in considerable savings. Costs are always below estimates and there are no cost overruns unless directed by MDA due to factors beyond contractor control.

Labor Hour variances by labor category show exceptional management of labor mix and delivery of

agreed skill sets. Variances are explained in a manner that shows benefit to the Government. Price requests for award term and option years are submitted with extremely clear documentation.

Excellent: Cost controls are highly effective and result in considerable savings on occasion. Costs are usually below estimates and there are no cost overruns unless directed by MDA due to factors beyond contractor control.

Labor hour variances by labor category show effective management of labor mix and delivery of hours. Variances are effectively managed and explained. Documentation for pricing in award term and option years, if applicable, are submitted without errors or omissions.

Satisfactory: Costs are in accordance with estimates and there are no cost overruns, unless directed by MDA due to factors beyond contractor control. There are initiatives and tools in place to facilitate cost control.

Labor hour variances show delivery of labor hours and skill sets in accordance with the agreed labor, qualifications and rates matrix. Documentation for pricing in award term and option years, if applicable, adequately supports the request(s) without requests for clarification and follow-up.

Marginal: Meets contract requirements, generally but it appears some projects could have been performed more efficiently with fewer labor hours or lower scaled labor categories

Labor hour variances include many negative variances that are inadequately explained and that show a considerable lack of control of labor mix or neglect in meeting the requirements of the agreed labor, qualification, and rates matrix.

Unsatisfactory: Does not meet contract requirements.

6.2. Scoring for Award Term Eligibility:

To be eligible for the award term entitlement, the evaluation team's consensus scoring as discussed in Step 2 of Para 7 shall result in a score of excellent or higher in 4 of the 6 evaluation factors. This eligibility score may be raised after the basic year in recognition that efforts to start and transition into the contract may result in a lower score in the first year. If any individual factor is scored Marginal or lower, the contractor will not be eligible for the award term.

(If more evaluation factors are added in future periods, the plan will be revised accordingly—the contractor must earn higher than satisfactory scores on the majority of evaluation factors).

6.3 Performance Evaluation Periods

Evaluation areas for each performance evaluation period, as identified in paragraph 6.1 of this plan, will be reviewed for annual performance evaluations. Performance reviews will be held in accordance with the schedule at the clause of the contract entitled "Award Term."

7.0 PROCEDURES

7.1 Step-by-Step Procedures for Award Term Evaluation Periods

Step 1. Team members shall individually initiate their evaluation worksheets (Award Term Evaluation Form) within 5 calendar days after the end of each evaluation period. Informational sessions will be conducted at the end of the base year and again at the end of the Option Contract Year 2. The first official evaluation for eligibility will be conducted at the end of Option Contract Year 3. Evaluations will be completed in 10 calendar days and completed worksheets will be submitted to the Team Chairman (if one is appointed) or Award Term Approving Official. Team members shall be prepared to brief their evaluations to the Chairman if necessary.

Step 2. The Team will develop a consensus evaluation of contractor performance in the appropriate areas for the period, using the factors set forth in the plan. The Team shall review all evaluation material along with supporting documentation and may call additional technical and management advisors to provide supporting information as required. Recommendations of the Team, together with supporting justifications, shall be presented to the Award Term Approving Official for final decision on the contractor performance rating. Evaluation activities need to be completed at a point earlier than 90 calendar days after the end of each period being evaluated in order for the evaluation decision to be made and announced no later than 90 days after the period being evaluated.

Step 3. No later than 10 calendar days after the Award Term Approving Official receives the Team's recommendations, the Award Term Approving Official shall make a determination of the contractor's evaluation

04/04/06

Attachment 06
HQ0006-06-F-0012

rating for the period. A brief summary narrative report highlighting contractor strengths and weaknesses shall be prepared. The announcement of Award Term Approving Official's decision will be made no later than 90 days after the end of each period being evaluated as indicated in Step 4.

Step 4. The Contracting Officer shall provide the Award Term Approving Official notice or announcement to the contractor of the evaluation rating assigned. The notice shall be forwarded to the contractor not later 90 days after the end of the applicable evaluation period and the modification adding the award term entitlement will follow as soon as practicable following the notification.

Step 5. If the contractor requests a price adjustment in accordance with the Performance Award Term Clause, the Contracting Officer will negotiate the adjustment and issue a bilateral modification to the order with the new prices prior to commencement of work under the award term. The Contracting Officer will coordinate with the requirements office to ensure funds are planned to cover the price adjustment in the award term period.

Step 6. Prior to commencement of work under an award term period, the Contracting Officer will issue a modification to the order citing funds for the award term that reflect any price adjustment negotiated with the contractor pursuant to the Performance Award Term Clause.

In addition to the award term evaluations, the Award Term Approving Official will also consider, when making the award term decision, the annual Contractor Performance Assessment Report (CPARS) that was completed or is in the process of being completed on the contractor. Any inconsistencies between the award term evaluation and the CPARS shall be addressed in the Award Term Approving Official's narrative report and decision regarding the award term.

RESPONSIVENESS

- Outstanding:** Totally responsive, flexible, and proactive to changes in direction and adapting resources to successfully deal with the changes. Project organization consistently assures on time or early responses to all deadlines. No adverse effect on productivity, performance or delivery.
- Excellent:** Very responsive and flexible to changes in direction and adapting resources to successfully deal with the changes. Project organization assures on time responses to short fuse deadlines in almost all cases. Rarely is there an adverse effect on productivity, performance or delivery.
- Satisfactory:** Met contract requirements. Adjusts easily to changes on many occasions. Little adverse effect on productivity, performance, or delivery.
- Marginal:** Meets contract requirements, generally but some delays in meeting suspenses. Overall responsiveness could be improved.
- Unsatisfactory:** Does not meet contract requirements.

COMPLIANCE WITH MILESTONES/DELIVERABLES

- Outstanding:** Impeccable record in meeting milestone/due dates, all of which are completed early, unless otherwise directed by MDA.
- Excellent:** Exemplary record in meeting milestone/due dates, many of which are completed early.
- Satisfactory:** Met requirements. Schedule problems are usually identified in time for corrective action; milestones/due dates are almost always achieved and instances where they are not are of minor impact.
- Marginal:** Meets contract requirements generally, but some work may be late or need to be redone.
- Unsatisfactory:** Does not meet contract requirements.

CONTRACT MANAGEMENT, REPORTING, AND SUPERVISION OF RESOURCES

- Outstanding:** Provides extraordinarily motivated, competent, and professional personnel. Positive attitudes. Strong teamwork. Personnel need virtually no supervision and are highly proficient in their work. The contractor anticipates and plans for problem areas. Minimal personnel turnover. Resources are replaced, when necessary, without impacting workload or mission activities. Exceptionally formatted and complete reports are submitted in a timely and accurate manner. Team leads assemble a highly organized and successful team in which the members provide MDA with all needed skills and the members demonstrate strong skills and teamwork.
- Excellent:** Highly talented workforce that displays high motivation and successful teamwork. Personnel are competent and training is provided to upgrade or improve skills. Reports are of high quality and completeness. Efficient recruitment and personnel management. Supervision ensures quality performance, teamwork, and work efficiency.
- Satisfactory:** Met requirements. Communicative and capable management. Oversees activities in a very competent and professional manner. Direction of subcontractors or consultants meets and in some instances exceeds all requirements of the contract. Reports are thorough, accurate, self-explanatory and meet MDA expectations.
- Marginal:** Meets contract requirement generally, but occasional delays or mission impact occurred due to lack of communication, proficiency, high turnover, delays in replacing personnel or lack of supervision. Reports do not always meet expectations.
- Unsatisfactory:** Does not meet contract requirements.

QUALITY

- Outstanding:** Deliverables, products, services and other performance output almost always significantly exceed MDA needs and expectations. Quality consistently exceeds an acceptable level, in a way that is of great importance to MDA. Contractor is extremely dependable, work/products almost always exceed contract requirements or specifications. Contractor never delivers inaccurate or unsatisfactory goods or services, contractor demonstrates very high level of dedication and ability. Provides innovative solutions.
- Excellent:** Deliverables, products, services and other performance output consistently exceed MDA needs or expectations. Quality exceeds an acceptable level to a significant degree, contractor is highly dependable, work/products frequently exceed contract requirements or specifications. Contractor never delivers inaccurate or unsatisfactory goods or services. Highly professional products.
- Satisfactory:** Met requirements. Deliverables, products, services or other performance output meet and sometimes exceed MDA needs and expectations, quality is above an acceptable level, output is very dependable, work is completed according to contract requirements and specifications and sometimes exceeds it. Output contains few, if any, non-conformances. Areas of inaccurate work or unsatisfactory results are minor and do not have a significant adverse impact on MDA mission.
- Marginal:** Meets contract requirements generally, but some lack the professional work that MDA expects
- Unsatisfactory:** Does not meet contract requirements.

COST MANAGEMENT (LABOR HOUR AND TIME AND MATERIAL ORDERS/CLINS) AND LABOR HOUR EFFICIENCY

- Outstanding:** Cost controls are highly effective and consistently result in considerable savings. Costs are always below estimates and there are no cost overruns unless directed by MDA due to factors beyond contractor control.
Labor Hour variances by labor category show exceptional management of labor mix and delivery of agreed skill sets. Variances are explained in a manner that shows benefit to the Government. Price requests for award term and option years are submitted with extremely clear documentation.
- Excellent:** Cost controls are highly effective and result in considerable savings on occasion. Costs are usually below estimates and there are no cost overruns unless directed by MDA due to factors beyond contractor control.
Labor hour variances by labor category show effective management of labor mix and delivery of hours. Variances are effectively managed and explained. Documentation for pricing in award term and option years, if applicable, are submitted without errors or omissions.
- Satisfactory:** Costs are in accordance with estimates and there are no cost overruns, unless directed by MDA due to factors beyond contractor control. There are initiatives and tools in place to facilitate cost control.
Labor hour variances show delivery of labor hours and skill sets in accordance with the agreed labor, qualifications and rates matrix. Documentation for pricing in award term and option years, if applicable, adequately supports the request(s) without requests for clarification and follow-up.
- Marginal:** Meets contract requirements, generally but it appears some projects could have been performed more efficiently with fewer labor hours or lower scaled labor categories. **Labor hour** variances include many negative variances that are inadequately explained and that show a considerable lack of control of labor mix or neglect in meeting the requirements of the agreed labor, qualification, and rates matrix.
- Unsatisfactory:** Does not meet contract requirements

**PLANNING, PROGRAMMING, BUDGETING, AND EXECUTION SYSTEM (PPBES)
NON-DISCLOSURE AGREEMENT**

MDA-related PPBES data: Current or future Planning, Programming, Budgeting and Execution System (PPBES) data regarding any activity relating to the MDA Program or any of its projects regardless of the funding source or date of the document. **Planning data** defines the national military strategy; integrates the military forces necessary to accomplish that strategy; prioritizes the resources for effectively accomplishing the mission; and provides decision options. **Programming data** reflects the systematic analysis of missions and objectives to be achieved, alternative methods, and effective allocation of limited resources. **Budgeting data** are detailed financial estimates of the MDA Program or any of its related projects.

CERTIFICATION

The undersigned understands, acknowledges, and agrees:

a. To read and comply with the applicable provision of the "Contractor Access to Planning, Programming, Budgeting and Execution System (PPBES) Data" clause of the contract indicated below.

b. That any MDA-related PPBES information entrusted to you ONLY shall be used in accordance with applicable DoD and MDA governing regulations, for the purpose for which it is provided, and within the contract Statement of Work/task order(s) under which you are employed.

c. Not to divulge MDA-related PPBES data (obtained directly or indirectly in the performance of the contract indicated below unless directed by the Contracting Officer) to any individual, except Government personnel whom you know to have a need-to-know and non-Government persons whom you know to have MDA authorization. Even though data becomes part of the public domain, you are bound by the provisions of this agreement not to confirm or deny questions regarding MDA-related PPBES data. Inquiries by unauthorized persons should be referred to the contracting Officer's Representative or the Contracting Officer. *(Verification of companies authorized to maintain MDA-related PPBES data and individuals who have signed agreements can be obtained from the *MDA Contracting Officer or the Deputy for Program Integration, MDA.)*

d. Not to transport (by any medium), process, or maintain MDA-related PPBES material outside a Government facility unless the removal or preparation of such data at the facility is accomplished in accordance with a company's plan approved by the MDA. *(A plan is not required for personnel who have a fully executed agreement to transport, process or maintain such data at a Government or an MDA-approved Contractor facility.)*

e. Not to accept any portion of any document which is described on the reverse side of this agreement, unless the portion of the document contains ONLY MDA-related PPBES data.

f. To notify the *MDA Contracting Officer or Deputy for Program Integration, MDA promptly if any non-Government person(s) or company(s) requests access to MDA-related PPBES data.

* Contracts awarded or managed by MDA.

Violation of this agreement may result in adverse contractual actions and/or criminal prosecution.

1. Individual Requiring Access to PPBES Data (Signature)	2. Date Signed
3. Individual Requiring Access - Name (Last, First, MI)	4. Employer Name
5. Prime Contractor Name	6. Prime Contract Number(s)
7. Contract Period of Performance - Dates (To - From)	8. Primary Task Order, if Applicable

9. Briefly Describe the Activities that Require Your Access to MDA-related PPBES Data

PROPRIETARY INFORMATION AGREEMENT

This Agreement is entered into by and between _____, a corporation having an office and place of business in _____ (hereinafter referred to as "Party A"); and CACI Dynamic Systems, Inc., a Virginia corporation having an office at 2100 Washington Boulevard, Suite 3000, Arlington, Virginia, 22204 (hereafter referred to as "CDSI").

RECITAL

WHEREAS, pursuant to contract HQ0006-05-C-0027 between the Missile Defense Agency (MDA) and CDSI, MDA desires to disclose certain of Party A's Proprietary Information to CDSI during performance of various tasks such as evaluation support and analysis of certain contracts, contractual data, contract deliverables, and cost/technical proposals submitted in response to solicitations issued by the MDA Contracts Directorate;

AND WHEREAS, Party A is willing to disclose to CDSI either directly, or indirectly through the MDA, certain Proprietary Information on the condition that CDSI will protect the information from unauthorized disclosure or use;

AND WHEREAS, the parties to this agreement desire to set forth their respective rights and obligations for safeguarding against unauthorized disclosure of Party A's Proprietary Information.

AGREEMENTS

NOW THEREFORE, pursuant to the provisions of the Federal Acquisition Regulation (FAR) at FAR 9.505-4, Party A and CDSI hereby agree as follows:

a. For the purpose of this Agreement, "Proprietary Information" shall be consistent with FAR 9.505-4. "Proprietary Information" includes all confidential or privileged technical, business, or financial information disclosed to CDSI directly or indirectly, in whatever form, and appropriately marked and identified as proprietary at the time of disclosure to CDSI or to the MDA. All documents and other tangible Proprietary Information shall be identified in accordance with FAR 52.215-1 or the Defense FAR Supplement (DFARS) 252.227-7013. No document nor sheet nor page of any written material contained therein will be so labeled which is not, in good faith, believed to contain Proprietary Information. All other disclosures identified as proprietary at the time of disclosure shall be reduced to a written listing or summary that is marked with an appropriate legend and delivered to CDSI within thirty (30) days after such disclosure.

b. Notwithstanding any other provisions of this Agreement, all information

contained in Party A's cost proposals shall be considered to be proprietary and to be protected under this Agreement.

c. CDSI shall use Proprietary Information solely for the purpose of performing the review and evaluation work, which CDSI is required to perform to develop work products for use by MDA in accordance with the terms of CDSI's contract with the MDA. CDSI will make such Proprietary Information available only to those of its employees who have a valid "need-to-know". Furthermore, CDSI shall maintain physical controls and records of all Proprietary Information from access by unauthorized person(s) who do not have a "need-to-know". CDSI agrees that those of its employees granted access to Proprietary Data shall not participate in any way in any CDSI proposals, new business activities, or other activity where access to Proprietary Data could knowingly create a competitive advantage for CDSI. CDSI shall keep in confidence and not disclose Proprietary Information to any third party without the written prior authorization from Party A, except that such Proprietary Information may be disclosed to the MDA if appropriately marked.

d. Proprietary Information furnished to CDSI shall remain the property of Party A. The disclosure of Proprietary Information hereunder shall not be construed as granting any right or license to CDSI under any inventions, patents, know-how, trade secrets, copyrights or the like now or hereafter owned or controlled by Party A.

e. The restrictions on use and disclosure of Proprietary Data by CDSI shall not apply to Proprietary Information that:

- (1) is or later falls within the public domain; or
- (2) was developed by CDSI independently and without use of the Proprietary Information disclosed to CDSI under this Agreement; or
- (3) is released without restriction by Party A to anyone, including the U.S. Government; or
- (4) is rightly obtained without restriction by CDSI from a third party.

f. Should CDSI face legal action or a requirement under U.S. Government regulations to disclose Proprietary Information received hereunder to any party other than the U.S. Government, CDSI shall promptly notify Party A and, upon the receipt of a timely written request, shall cooperate with Party A in contesting such disclosure. Neither Party to this Agreement shall be liable for damages to the other party for any disclosure of Proprietary Information pursuant to judicial action or Government regulations, except when such damages result from failure to discharge responsibilities as set forth in this agreement.

g. This Agreement may be terminated by either party upon thirty (30) days written notice to the other party. Unless earlier terminated, this Agreement shall terminate upon completion of CDSI's work with the Government under its MDA contract. CDSI's obligation to protect Proprietary Information identified hereunder shall continue for a period of five (5) years from the termination date of this Agreement. Furthermore, upon termination of this Agreement, CDSI shall return to the Government, or at the Government's written direction, shall destroy all

04/04/06

Attachment 12
HQ0006-06-F-0012

Proprietary Information, including copies thereof, furnished to CDSI under this Agreement. Upon receipt of a timely written request, CDSI shall send a copy of the destruction certificate to Party A.

h. This Agreement contains the entire understanding between the Parties with respect to safeguarding of said Proprietary Information and supersedes all prior communications and understanding with respect thereto. The effective date of this Agreement shall be the date of the last signature hereto.
